

United States of America
 Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA3574WE

This certificate, issued to Jay Dee Aircraft Supply Company
 25461 Rye Canyon Road
 Valencia, California 91355

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product — Type Certificate Number: 6A6
Make: Tracor Flight Systems, Inc. (Convair)
Model: 340, 440

Description of Type Design Change: Modification of models 340 or 440 which have been modified per STC SA4-1100 in accordance with FAA sealed Aircraft Technical Drawing List 1765, Rev. "D", or later FAA approved revision. Modification permits an increase zero fuel weight to 50,000 pounds and consists in part of deletion of items required per Pacific Airmotive Corporation Drawing No. 9000057 and substitution with fuel jettisoning system from STC No's SA1174WE or SA00376LA. (See Continuation Sheet)

Limitations and Conditions: This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 20, 1977

Date reissued:

Date of issuance: March 24, 1978

Date amended: August 1, 1997

By direction of the Administrator
